

MODEL PHOTO SELECTION ASSIGNMENT

1. Select three possible models for recreation.
2. Place photos on a Google Doc.
3. Below photos, identify the photo you plan to recreate. (Top left, top right, bottom right?)
4. Name the photographer and title of photo (if available). Describe the photo you've selected. Include as much detail as you can identify.
5. Describe preparations you need to make in advance of the shoot. Include the following in your response:
 - > natural or artificial light?
 - > hard or soft light?
 - > direction of light?
6. Share with mccarthy.j@monet.k12.ca.us

Google Doc.
