

Video 3 Editing Schedule/ Activities

Friday, February 14

Today we prepare photographs and audio for final video.

Step 1: Receive feedback from your peers

Step 2: In writing, summarize the responses you've received from your peers who have viewed and (mildly) critiqued your Video 2.

Step 3: Prepare Images for Video 3. Ensure the photos you include in your final video have quality resolution and are large enough for video frame.

Step 4: Browse royalty free music for appropriate soundtrack for Video 3. See link on class website for "Free Music Archive." Download your choice.

Step 5: Make a decision. Is your Video 2 voiceover of high enough quality to use for Video 3. If not, rerecord your voiceover over the weekend and have it ready on Tuesday.

Step 6: Begin Assembling Video 3. Arrange images on timeline in the order they are to appear in final video.

Step 7: Turn in Your Summary of Peer Responses before end of period.

Tuesday, February 15

Video Editing.

Resize images to fit frame properly.

Learn basic transitions between frames (cross fades, etc.)

Wednesday, February 16

Complete Video Editing.

Portrait of a Photographer Video 3
Deadline
